

Misty Hall

Hello! I am excited to join North Point as the new Assistant Principal. I have been in education for 24 years. I spent 17 years as a classroom teacher. Most of my years teaching were in first grade but I spent a few in Kindergarten and one in second grade. I spent three years working with undergraduate students at BYU supervising them when they came into Alpine School District schools for practicum, student teaching, or intern experiences. I spent a couple of years as a PLC coach and the last two years I have been an Assistant Principal at Silver Lake Elementary. I have been married to my husband Kelly for nearly 26 years. We have two grown boys David and Kage. Some of my favorite things to do are travel, run, hike, ride my bike, golf, and read. I look forward to getting to know the community, students, faculty, and staff of North Point.
