

SAGE HILLS ELEMENTARY Stakeholder Report 2022-2023

"Educating all students to recognize and achieve their highest potential."

This year, we have three areas of focus. These are: school-wide achievement, targeted student group achievement, and student connection.

School-Wide Achievement

K-6 students will show growth and increase proficiency in literacy.

Student Group Achievement

95% of Students with a reading IEP at Sage Hills will make above typical growth on Acadience in grades K-6.

Student Connection

Increase the amount of meaningful connections each student has with adults in the building.

ACADIENCE READING SCORES

Our Trustland goal last year was that we would have a 5% increase in the number of students reaching proficiency on the end-of-year Acadience test. We attribute the jump from 2021 to 2023 to our targeted and systematic phonics instruction & intervention. We are continuously working on improving our literacy instruction to help our readers become even more proficient!

2020-2021 End of Year Proficiency

57%

2021-2022 End of Year Proficiency

67%

2022-2023 End of Year Proficiency

72%

School Community Council Members: Christel Goslin (chair), David Carson, Jessica Garcia, Cathy Maughan, Daleya Wekluk, NaShai Oakeson, Brian Wells, Kendra Wilson, Carla Jensen, Shelby Forsyth, Robert Dolce, Sheri Card, Karen Pauga, Erin Kunzler

SAGE HILLS ELEMENTARY

Trustlands Expenditures

The majority of the Trustlands' spending is an investment in people; both students and teachers. The aide support not only allows teachers to have help they need in their classrooms, but also provides strategic student interventions targeting literacy using the 95% Literacy Program.

Category	Estimated Cost
Reading and Classroom Aides	\$74,372
Technology	\$23,830
